

EVERYDAY DOG GUIDANCE & SUPPORT

A FRESH PERSPECTIVE. PRACTICAL ADVICE. BETTER EVERYDAY HABITS.

Friendly, practical guidance for owners who have been raising their dog themselves but are no longer sure whether everything is going in the right direction. We review everyday behaviour, routines and communication, explain what may need to change and agree clear next steps. More complex concerns involving strong fear, aggression, severe anxiety or reactivity may require a separate Behavioural Consultation.

BOOKING & CANCELLATION POLICY

Payment: Sessions are charged per appointment, not by the hour. A session usually takes around 60-90 minutes, depending on the dog and the work required. Individual sessions and other plans may be paid per session or in advance. The discounted 5-session programme is payable in full when booking and is non-refundable if the client decides not to continue. This does not affect statutory consumer rights.

Cancellations: Please give at least 24 hours' notice to cancel or reschedule. The first cancellation with less than 24 hours' notice may be rescheduled without charge. After a second late cancellation, advance payment is required before another booking; that payment is not refunded if the rearranged session is again cancelled with less than 24 hours' notice.
