## BOOKING & CANCELLATION POLICY

**Payment:** Sessions are charged per appointment, not by the hour. A session usually takes around 60-90 minutes, depending on the dog and the work required. Individual sessions and other plans may be paid per session or in advance. The discounted 5-session programme is payable in full when booking and is non-refundable if the client decides not to continue. This does not affect statutory consumer rights.

**Cancellations:** Please give at least 24 hours' notice to cancel or reschedule. The first cancellation with less than 24 hours' notice may be rescheduled without charge. After a second late cancellation, advance payment is required before another booking; that payment is not refunded if the rearranged session is again cancelled with less than 24 hours' notice.
